Fasten this **ONE WORD** to your heart.

Let the **WORD** go with you in your work and daily routine.

The **WORD** will keep your spirits awake.

Repeat the **WORD** until -

it penetrates your body,

it infiltrates your mind,

it permeates through your heart and soul,

your 'self' is 'possessed' by it,

you 'hear' it with your heart and soul,

'feel' it in your intuition.

enjoy its bliss and joy in your very 'being',

bask in the cozy warmth of its 'sunshine',

get lost in its 'glory',

and your 'whole being' gradually becomes 'embodient' of this ONE WORD.

Everyone has different understanding and conception about the

'Divine Essence' i.e. ; Wordless 'WORD', based on our changing intellectual knowledge and personal experiences.

But when the 'Divine Essence' is intuitionally realised and revealed in our consciousness by the Grace of the Lord, it comes as a shocking - surprise, because it is so different and contradictory to our established life-long hypothesis and cherished beliefs. The effulgence and glory of the Divine Essence of Wordless 'WORD' is so -

awe-striking

thrilling

charming

captivating

be-witching

infatuating

intoxicating

that the soul transcends the worldly consciousness, and is over whelmed and lost in the ecstasy of Divine Bliss and Joy.

In this revelation of Divine Enlightenment, the soul forgets the materialistic World and its intellectual the ovetical knowledge and philosophies - which it has imbibed and cherished in the materialistic consciousness, through the ages,

On the revelation of 'Divine Essence' the soul is ushered into the 'Divine World' and is 're-born' in the glory of 'wordless WORD'
